10, 000 children and all I can do is just talk.
While my house is full of possessions that negligence
bought.
Everyone tells me that I'm not to blame,
Why do I still feel the same?

CHORUS

Only love can save us all.
Only love can save us all, save us all.

10, 000 children are my invitation to change.
To continue in excess now suddenly feels oh so
strange.
Prayers and money should not be confused,
But I pray that both still are used.

CHORUS

Only love can save us all.
Only love can save us all

What will become of me?
Inside of history

10, 000 children and all I can do is just talk.
