(Verse 1)

It's just me and you and the moonlight
I'm starin' at ya, starin' at the stars tonight
The sun that fell so hard has now disappeared
And you and I can start this evening right

(Pre-Chorus)

What I say out loud's only half of what's in my head
Tonight, I'd rather look at you instead

(Chorus)

I can't get enough of you
And every little thing you do
You, the night, and this candlelight is all I really need
'Cause I'm lovin' you, lovin' me

(Verse 2)

Dogs are barking in the yard a few feet away
And the TV and the dinner's on CNN
It seemed to me that these clouds were showin' rain
But nothing can change this mood I'm in

(Pre-Chorus)

What I say out loud's only half of what's in my head
Tonight, I'd rather look at you instead

(Chorus)

I can't get enough of you (girl you're such a lady)
And every little thing you do (everything baby)
You, the night, and this candlelight is all I really need
'Cause I'm lovin' you, lovin' me

I spent all day waitin' for you to come back home
Now I appreciate the fact that I'll never be alone baby

-Instrumental-

What I say out loud is only half of what's in my head
Tonight, I'd rather look at you instead

And I can't get enough of you (girl you're such a lady)
And every little thing you do (everything baby)

And I can't get enough of you (girl you're such a lady)
And every little thing you do (everything baby)
Just you, the night, and this candlelight is all I really
need
'Cause I'm lovin' you, lovin' me
Lovin' you, lovin' me
Lovin' you, lovin' me (let's get together, start a family)
Lovin' you, lovin' me
Lovin' you, lovin' me (baby ya know I'm never gonna go
away)
Lovin' you, lovin' me oh baby
