You're glowing like these Christmas lights
You're the Belle of the ball tonight
Our friends stopped in and will only leave
When we tell them that they all have to

You wink from way across the room
I send a smile right back to you
Nothing is wrong but conversations go long
I only want a minute with you

The mistletoe is looking so good tonight
Let's rendezvous and sneak a kiss the time is right
No one will know
Meet me at the mistletoe

It will be a while before the party ends
Another couple just walked in
The night's been great but I can hardly wait
Until it's only us again

The mistletoe is looking so good tonight
Let's rendezvous and sneak a kiss the time is right
No one will know
Meet me at the mistletoe

We're having so much fun
I don't really want the night to end
I need a moment or two with you
Just to make it until then

The mistletoe is looking so good tonight
Let's rendezvous and sneak a kiss the time is right
No one will know
Meet me at the mistletoe

Come on and meet me, baby
Meet me at the mistletoe
