You were a part of me  
A part that I get can't back  
I'll always lack  
My life in came two  
This is the second act  
The healing half  
Maybe this is how this goes  
Nobody seems to know  
We had a lifetime forever  
You and me together  
I'd pick you up and we go  
Some place only we'd know  
Summer, whole life  
Stay up dreaming all night  
There was so much for us to do  
I guess I'm missing you  
No you can't prepare  
As soon as the call came in  
The hurt began  
All of us down here  
I guess we're getting back  
At least we try  
And that's just the way it goes  
Take it from one who knows  
We had a lifetime forever  
You and me together  
I'd pick you up and we'd go  
Some place only we know  
Summer, whole life  
Stay up dreaming all night  
There was so much for us to do  
I guess I'm missing you  
I see you in the sunset  
Before the night  
You come on without warning  
And I guess this takes time  
But I know I'm gonna be fine  
Without...  
A lifetime forever  
Of you and me together  
I'd pick you up and we'd go  
Some place only we know

Summer, whole life  
Stay up dreaming all night  
There was so much left here for us to do  
I guess I'm missing you  
(oh, I guess I'm missing) I guess I'm missing you
