What do you say?  
Let's give it up now and just be done  
Maybe we're afraid of all that we will and won't become

It's hard to believe  
The one closest to me  
Can feel so far away

Chorus:  
You're my pleasure, you're my pain  
You're my sunshine, you're my rain  
You're my darkest night lost at sea  
You're the shadows, you're my light  
You're the one that I need tonight  
You are a stranger still to me  
You're my lady, my life  
My love, my enemy

Everyday we come together, come undone  
Every time I break  
Tell me again how far we've come

It's hard to believe  
The one closest to me  
Can feel so far away  
So far away  
You're my pleasure, you're my pain  
You're my sunshine, you're my rain  
You're my darkest night lost at sea  
You're the shadows, you're my light  
You're the one that I need tonight  
You are a stranger still to me  
You're my lady, my life  
My love, my enemy

We're changing, it's painful  
Well it's something good  
We're changing, it's painful  
But it's good

You're my pleasure, you're my pain  
You're my sunshine, you're my rain

You're my darkest night lost at sea  
You're the shadows, you're my light  
You're the one that I need tonight  
You are a stranger still to me  
You're my lady, my life  
My love, my enemy

My love, my enemy
