Uh, uh  
This time, I'll comfort  
I saw you standing  
And I am by your cage  
I think you should wait now  
I hear you calling  
I'm reaching you my hand  
I can hear you now  
I can hear you calling

[Chorus:]  
Then I say hey, hey, hey up  
Will you come down, will you come down?  
Then I say hey, hey, hey up  
Will you come down, will you come down?  
This isn't your parade!

This time all we heard  
Forever blending  
I bridle all my rage  
You won't make me buy that  
And I hear you calling  
No, you won't understand  
But I'm near you now  
I can see you falling

[Chorus:]  
And I say hey, hey, hey up  
Will you come down, will you come down?  
Then I say hey, hey, hey up  
Will you come down, will you come down?  
This isn't your parade!

Hey, hey, hey yo  
Hey, hey, hey yo

[Chorus:]  
And I say hey, hey, hey up  
Will you come down, will you come down?  
Then I say hey, hey, hey up  
Will you come down, will you come down?  
This isn't your parade!
