Go Ahead, you know you want it
You'll have no other way
you just want to take us down
go ahead,
I'll be the one hit
If I can take you, boy, it just might throw this town
Oh, you want to get it
You make us bleed, it'll prove there's life somewhere
And oh, no, I want to yell it
but do we speak or are we just nodding our heads
No way, not me, what you got,
it's not for me, but you'll find a way
no way not me, what you got,
it's not for me

Don't reach too far
You will fall over
Don't be surprised what you discover
Don't fear your call
Can't pull us under
You better watch out, run for cover

We see right through it
You get what you give, you get what you give

Go ahead
I'll be your junkie
I'll be deplete you can heap all rubbish here
Go ahead, now dump it on me
if I go quiet will the itch go down with me
Oh, you got to get it
nevermind that it was never there nowhere
but oh, no, not for a minute
for now you'll make your bed
and it will wait, I swear

No way, not me, what you got,
it's not for me, but you'll find a way
no way not me, what you got,
it's not for me

Don't reach too far
You will fall over
Don't be surprised what you discover
Don't fear your call
Can't pull us under
You better watch out, run for cover

We see right through it
You get what you give, you get what you give

Tell them that they'll get what they wanted, tell them
Tell them that they'll get what they wanted.
'Til then....
