you
walk
in
grace and style move to the side

your
so
sly
you don't even have to try

you
got
what
what it takes to make it to the top

cut the eyes and on the mind of everyone
you
don't
stop

everybody loves you
and everything you are
everybody knows you are
a superstar
that's what you are

you
seem
like
nothing ever brings you down

you
are
the
the special one we always want around
some
could
say
the wind will never get in your way
you lift us up with each and every word you say
what
you

say

everybody loves you
and everything you are
everybody wants you
the dream is never far
and everything you do
and everything you touch...

everybody knows you are
a superstar
that's what you are

you make it look so appealing
and i'm feeling
like i can do it too
just the way i'm blessed with
i've been tested
now all i see is truth
i take the time to free my mind
and have everything
i see it now looks like its coming soon
it seems just like a fantasy
and yet close to reality
its all up to me

now
i
know
a superstar speaks only from the heart

feels
so
right
to be in tune and out to play my part

in
this
life
tomorrows always more than just another day

im so much more than i've ever known
now
i
know

everybody loves you
and everything you are
everybody wants you
the dream is never far
and everything you do

and everything you touch...

everybody knows you are
a superstar
that's what you are
a superstar
that's what you are
a superstar
that's what you are
a superstar
that's what you are
a superstar
that's what you are
a superstar
that's what you are
a superstar
that's what you are
a superstar
that's what you are
a superstar
that's what you are
a superstar
that's what you are...
