Holy eyes bring back one  
Never if you only trust your separation  
I believe and then  
I'll try to give in  
Is one fall already bad?  
Seems far, but it's true

Whoever told you that  
We will find a way to be this way  
It's true, whoever told you that  
Its fine to walk right outta control  
It's true, whoever told you that  
That's fine I hope the best for you  
It's true, whoever told you that  
We try the best to be the best but look what you've  
done

We are respiratory  
We take violence in stride  
We are respiratory  
We are never to fall

We are the only story, intriguing myth  
We told it twice before and I  
I believe and then  
I'll try to give in  
We owe the attention for  
Seems far, but it's true

Whoever told you that  
We will find a way to be this way  
It's true, whoever told you that  
Its fine to walk right outta control  
It's true, whoever told you that  
That's fine I hope the best for you  
It's true, whoever told you that  
We try the best to be the best but look what you've  
done

We are respiratory  
We take violence in stride

We are respiratory  
We are never to fall
