I never thought you would lose yourself,
The hardest part was falling down again,
I'm a fool to watch you walk away,
Are you bothered by the choice you made.

When we fall to the ground,
Slowly we're safe and sound.

It's so simple to be afraid,
It's so simple when you know who you are,
It's so simple to be afraid,
It's so simple when you know who you are,

I caught you lying to yourself
Now everything is spinning round and around
Well I'm a fool to watch you walk away,
Are you bothered by the choice you made

When we fall to the ground
Slowly we're safe and sound

It's so simple to be afraid
It's so simple when you know who you are
It's so simple to be afraid
It's so simple when you know who you are

Well maybe we will grow
When will you know
Would you keep feeling alone
I think we're falling deeper than you imagined

It's so simple to be afraid (It's so simple)
It's so simple when your not who you are
It's so simple to be afraid (It's so simple)
It's so simple when your not who you are
