What I'm searching for
to tell it straight, I'm trying to build a wall
Walking by myself
down avenues that reek of time to kill
If you see me keep going
be a pass by waver
Build me up, bring me down
just leave me out you name dropper
Stop trying to catch my eye
I see you good you forced faker
Just make it easy
You're my enemy you fast talker

I can say I hope it will be worth what I give up
If I could stand up mean for the things that I believe X2

What am I here for
I left my home to disappear is all
I'm here for myself
Not to know you
I don't need no one else
Fit in so good the hope is that you cannot see me later

You don't know me
I am an introvert an excavator
I'm duckin' out for now
a face in dodgy elevators
Creep up and suddenly
I found myself
an innovator

I can say I hope it will be worth what I give up
If I could stand up mean for the things that I believe X2

Change, change, change, Change, change, change,
I want to get up out of my skin
tell you what
if I can shake it
I'm 'a make this
something worth dreaming of

I can say I hope it will be worth what I give up

If I could stand up mean for the things that I believe X4
