Lights out, shoot up the station  
TV's dead, where's there to run  
Watch everybody come undone

Lights out, we'll make it easy  
We'll make it fun  
Won't let them see now, how they had won  
Still I wait another round

Darling  
Don't got to worry, you're locked in tight  
Darling  
Don't got to worry, turn out the light

Wiped out, no concentration  
They got us basking in a storm  
I watch it as it loses form

Wiped out, they could see me  
That's what I want  
A casualty but I am upfront  
And I know what it's about

Darling  
Don't got to worry, you're locked in tight

Darling  
Don't got to worry, turn out the light

I'm still a shaking my head  
The one you can't account for  
I keep just one step ahead  
There's no place to run

Darling  
Don't got to worry, you're locked in tight  
Darling  
Don't got to worry, turn out the light

Darling  
Don't got to worry, you're locked in tight  
Darling

Don't got to worry, turn out the light

Darling

Don't got to worry, you're locked in tight

Darling

Don't got to worry, turn out the light
