Oh Penelope  
Are you filled with air  
Swallowed oxygen  
That makes you float up?  
It's a dropsy  
Will your lungs swell?  
It's depressing me  
To see you struggle

Oh Penelope  
Are you filled with air  
Swallowed oxygen  
That makes you float up?  
It's a dropsy  
Will your lungs swell?

It's depressing me  
To see you struggle  
I'm treading water with my oars  
Glass galleons anchored, oceans floor  
I'm diving down with all my gear  
In search of treasure, para mi corazon

Take you to the forest  
Let you feel the raindrops falling down  
Seeping through your red scales  
Eliminate the faucet  
Eliminate the need for water  
Replace it with a safe shell

Don't wanna see you floating upside down  
On the top of the bowl when I  
Come round to visit you  
Don't wanna see you floating upside down

No girl  
Need you there, Need you there, Need you there  
Ooh Release that air  
(I'm treading water with my oars  
Glass galleons anchored, oceans floor  
I'm diving down with all my gear

In search of treasure, para mi corazon)

Take you to the forest  
Let you feel the raindrops falling down  
Seeping through your red scales  
Eliminate the faucet  
Eliminate the need for water  
Replace it with a safe shell
