I see the ocean is rising  
Let the water wash it all away  
Live like there's never tomorrow  
When there's no escaping yesterday

Do you ever miss that feeling?  
Don't pretend like you're the one who's lost  
I see the ocean is rising and I keep sinking

Deep down it's getting hard to breathe now  
I'm reaching out to touch you  
And I can't feel at all  
No, I can't feel at all

I watch the waves from under water  
See the ocean push you all away  
Live like there's no today

Do you ever get that feeling?  
You're the only one  
Who ever pays the cost  
Well, I'm just as lost

Deep down it's getting hard to breathe now  
I'm reaching out to touch you  
And I can't feel at all

Deep down it's getting hard to breathe now  
I'm reaching out to touch you  
And I can't feel at all  
No, I can't feel at all

Save yourself if nothing else  
You should save yourself if nothing else  
Save yourself if nothing else  
You should save yourself if nothing else

I watch the ocean rise above me  
Will the water help me find my way?  
Wash it away

Deep down it's getting hard to breathe now

I'm reaching out to touch you  
And I can't feel at all

Deep down it's getting hard to breathe now  
I'm reaching out to touch you  
And I can't feel at all  
No, I can't feel at all
