Leave, go on and leave, you said  
"Turn and walk away, life's not worth it anymore"  
You stop shaking and you slowly faded away  
Now you're lying on the floor

I can't hear your heart beating anymore, no  
I can't hear your heart beating anymore, no

It's all over now  
What am I gonna do with all this time  
I've set aside for you?

No, I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know you were all alone

Gone, memories gone, I know I was the one  
Who was ignoring you for way too long  
I hope while sleeping, I know that if you're finding solid  
ground  
You'll know everything is, everything is sound

I can't hear your heart beating anymore now  
(Everything is sound)  
I can't hear your heart beating anymore now

It's all over now  
What am I gonna do with all this time  
I've set aside for you?

No, I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know you were all alone

Maybe someday I can meet you there

It's all over now  
What am I gonna do?  
What am I gonna do?

It's all over now  
What am I gonna do with all this time

I've set aside for you?

No, I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know

No, I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know you were all alone
