I don't feel the same I wish I knew something would  
happen  
She said you'll never understand  
They don't treat you the way that they treat me  
They treat you different  
Now I wish I'd never been

Cause I can't breathe  
No I can't see

You never noticed  
You never noticed me  
I'm out of time and left behind I'm a stranger in my  
mind  
You never noticed  
You never noticed me  
'Til I locked myself inside my room I'm a stranger in my  
home

I don't wanna drive cause I don't know where I am  
going  
Get me out of here they don't seem to care  
I think you need a place to go  
and hide and push rewind and let this all be over  
Let this all be over  
Tell me this will be okay, is everything alright?

Cause I can't breathe  
No I can't see

You never noticed  
You never noticed me  
I'm out of time and left behind I'm a stranger in my  
mind  
You never noticed  
You never noticed me  
'Til I locked myself inside my room I'm a stranger in my  
home  
Stranger in my home  
Yeah!

Oh, Oh  
Fall asleep let the memories fade  
Until you wanna cry  
Close your eyes, close your eyes  
Close your eyes  
Let the melody play and fall into rhythm

You never noticed  
You never noticed me  
I'm out of time and left behind I'm a stranger in my  
mind  
You never noticed  
You never noticed me  
I'm out of time and left behind I'm a stranger in my  
mind  
Stranger in my mind
