You wanna walk into the room like that other girl does
The one that's always making everybody fall in love
You see, girl, you're a lot like me
She rearranges all the light in the room
So you're always in the shadows
Well, that's what it feels like to you
Baby, I've been there too
And I know how much it can sometimes hurt
You feel like the whole world has made you the ugly
girl
Take it from me that you have to see it first

CHORUS:

So before you trade in your summer skin
For those high heeled shoes
To make him want to be with you
Let me remind you one more time
That just maybe, you're beautiful, but you just can't see
So why don't you trust me?
They'll see it too, you beautiful girl, you

Ha-ah-ah-ah-ah-ah
Ha-ah-ah-ah-ah-ah

You wanna lay the blame on somebody else
All those tiny little minds that leave you up on the shelf
Well okay, I've seen it done that way
But just in case nobody ever comes through
Riding in to come to your rescue
You still have a chance
You don't have to be asked to dance
And I know how much you've been dying to say
Look how much everybody loves me
But guess who gets left when everyone else fades
away?

CHORUS

You beautiful girl, you
You beautiful girl, you
