Just about the time the shadows call  
I undress my mind and dare you to follow  
Paint a portrait of my mystery  
Only close my eyes and you are here with me  
A nameless face to think I see  
To sit and watch the waves with me till they're gone  
A heart I'd swear I'd recognize is made out of  
My own devices....  
Could I be wrong?

*[CHORUS]*

The time that I've taken  
I pray is not wasted  
Have I already tasted my piece of one sweet love?

Sleepless nights you creep inside of me  
Paint your shadows on the breath that we share  
You take more than just my sanity  
You take my reason not to care.  
No ordinary wings I'll need  
The sky itself will carry me back to you  
The things I dream that I can do I'll open up  
The moon for you  
Just come down soon

*[CHORUS]*

The time that I've taken  
I pray is not wasted  
Have I already tasted my piece of one sweet love?  
Ready and waiting for a heart worth the breaking  
But I'd settle for an honest mistake in the name of  
One sweet love.

Savor the sorrow to soften the pain sip on  
The southern rain  
As I do, I don't look don't touch don't do anything  
But hope that there is a you.

The earth that is the space between,  
I'd banish it from under me...to get to you.  
Your unexpected love provides my solitary's

Suicide...oh I wish I knew

*[CHORUS]*

The time that I've taken

I pray is not wasted

Have I already tasted my piece of one sweet love?

Ready and waiting for a heart worth the breaking

But I'd settle for an honest mistake in the name of

One sweet love.
