He was just a boy of seventeen,
And I was older by a year.
We spent everything we ever made to get away from
here. We got married in the winter time, at the open
doors cafe.
No matter how he tried he couldn't find the peace of
mind to stay... Oh,yeah

Chorus:

All the glitter out in Hollywood,
All the stars that never shined,
Well it could hold the candle to you when,
Could you Roll me, roll me back in time?

I got a job and worked the early shift, yeah, I spent
hours by the phone. Promises are easy to forget when
there's too much time alone. But you've got something
they can't argue with, that's what all the people said.
He's just waiting for the obvious, his story is on his way
any day.

Chorus:

All the glitter out in Hollywood,
All the stars that never shined,
Well it could hold the candle to you when
Could you Roll me, Could you Roll me, Could you Roll
me?

Just aside the sunrise, you can feel it in the air, that
something's bound to happen, it's just right there.
Everybody loves you, it's so easy to see, but it's
only(but it's only) Yeah it's only (yeah it's only) in your
dreams.

I woke up to find him standing there with his suitcase in
his hand.

Chorus:

All the glitter out in Hollywood,
All the stars that never shined,
Well it could hold the candle to you when

Could you Roll me, Could you Roll me?

Chorus:

All the glitter out in Hollywood,
All the stars that never shined,
Well it could hold the candle to you when,
Could you Roll me, Could you Roll me, Could you Roll
me? Roll me back in time?
