Draw my breath  
Set down the canvas and take me instead  
Would you consider me for thoughts unsaid  
Desires that deserve to be created  
There you are  
Your idle hands create temptation's art  
If i justified it, would you start  
Unfolding all the pleasures of the dark

What would you do  
If you could taste me  
Take your time  
Savor moments when the walls are blind  
Act like you made me, every line  
Everything left up to your design

Like a dream  
You bury me in every way you see  
I can't wait anymore  
I'm imagining the sides of you that i have never seen  
Surprise me with

What would you do  
If you could taste me  
Take your time  
Savor moments when the walls are blind  
Act like you made me, every line  
Everything left up to your design

Take my heart  
Want you to break it  
Want you to take my love  
Want you to make it  
Take the two of us  
Oh, and make it beautiful

Take my time  
Take every minute  
Make me forget that i am even in it  
You're all that i see tonight  
So, make it beautiful

What would you do  
If you could taste me  
Take your time - take your time  
Savor moments when the walls are blind  
Act like you made me, every line  
Everything left up to your design
