In the morning, it comes
Heaven sent a hurricane
Not a trace of the sun
But I don't even run from rain

Beating out of my chest
My heart is holding onto you
From the moment I knew
From the moment I knew

You're the air in my breath
Filling up my lungs
You're such a beautiful mess
Intertwined and overrun

Nothing better than this
No, I'll let the storm come
You feel just like the sun
Just like the sun

You say
I'll be all right
I'm gonna trust you, babe
Gonna look in your eyes

Yeah, you say
I'll be all right
I'll follow you
Into the light

Never mind what I knew
Nothing seems to matter now

Oh, who I was without you
I can do without

No one knows where is
How I came tumbling down
But I'm here with you now
I'm with you now

You say

I'll be all right
I'm gonna trust you, babe
Gonna look in your eyes

Yeah, you say
I'll be all right
I'll follow you
Into the light

Come rushing
Come down hard, come crushing
All I need
Is right here, beside me

I'm not enough, I swear it
Take my love and wear it

And if you say
I'll be all right
I'm gonna trust you, babe
Gonna look in your eyes

Yeah, you say
I'll be all right
I'll follow you
Into the light
