You claim your innocence, but I blame your reticence
For why I never knew no, never knew how you play.
One love has two equal parts,
but you leave your love with your mark
On your unfortunate prey.
But there is no excuse,
I don't like being used.
And someday it's gonna get back to you.

You're so predictable man.
You hit the ground and you ran.
Ran as if I, if I would chase you.
But your dear delectable prize
beneath your near electrical skies
Is damn near disappointment at most.
I didn't know I paid for merely a masquerade.
So I want my money back , hey.

You're sorry that you hurt me so bad
Sorry if I thought you were madly in love
You only just pretend to start something that you can
end.
Sorry you're addicted to cruel
Sorry has nothing to do with you
Go on play your games cause I'm sorry
I'm too good for you anyways.

How is it up on your high horse
You know we miss you of course
But if a moment ever rolls around
you may be interested in looking down
Cause you're not so far from the ground
I was a fool for you but you were foolish too.
And fools never get the last laugh

You're sorry that you hurt me so bad
Sorry if I thought you were madly in love
You only just pretend to start something that you can
end.
Sorry you're addicted to cruel
Sorry has nothing to do with you
Go on play your games cause I'm sorry

I'm too good for you anyways.

You were an open book, but after a second look
I realized I was wasting my time.
I know how the story goes and everyone looks for a
hero
And here we are one at a time,
standing in line to tell you you're not mine.
But you're sorry

You're sorry that you hurt me so bad
Sorry if I thought you were madly in love
You only just pretend to start something that you can
end.
Sorry you're addicted to cruel
Sorry has nothing to do with you
Go on play your games cause I'm sorry
I'm too good for you anyways...
