God's got a plan
God's got a plan
God's got a plan, a plan for me

God's got a plan
I'll find my man
When he finds me

I'll do my thing
I'll play and sing
And whatever will be will be

God's got a plan
I'll find my man
When he finds me

And in his eyes, I'll see so faraway
So faraway, across the sea
God's got a plan
I'll find my man
When he finds me

God's got a plan
He's got my hand
So I can stand up all of me

God's got a plan
So take my hand
And we'll be free

And in his eyes, I'll see so faraway
So faraway, across the sea
God's got a plan
He's got a plan
A plan for me
