When your eyes met mine
The room was still
Inside our circle
In the eye of the storm
You ask to be reborn
To lay you down
Well, I will
Lay you down, in silence easy
Yes I will

It's all right
Later tonight
I'll gonna lay you down
It's all right
Later on tonight
I'm gonna lay you down

I love the way you hit the bass, you're gone
Your eyes turned up into your faraway face
Your mouth was open, and so was mine
You rock my world, you ease my mind

It's all right
Later tonight
I'm gonna lay you down
It's all right
Later tonight
I'll lay you down

Lay you down
In silence easy
Yes I would

It's alright
Later tonight
I'm gonna lay you down

It's alright
Cuz later on tonight
I'm gonna lay you down

Lay you down
In silence easy
Yes I will

Yes I will
