Been dark and cloudy
Grey all day
Looking for blue in the blackened sky
Seems like nothing's gonna go my way
But I see you laughing through that crack in the sky

And I know somewhere behind the curtains of rain
I see you smiling through the hurt and the pain
And when the storm is over, only you will remain
To paint your colors all across the sky
You show me

Show me a rainbow, I can't wait anymore
If you can hear me now, send me your sign
Cuz I've been dreaming and I've been here before
And I know you're near me now, cuz I see you shine

I know somewhere behind the curtains of rain
I see you smiling through the hurt and the pain
And when the storm is over, only you will remain
To paint your colors all across the sky
show me

Show me a rainbow
Show me a rainbow ohh
Show me a rainbow yea

Just when I'd given up my life to fate
You remind me that it's not too late
And thank you kindly, it was worth the wait
When you paint your colors all across the sky
A pastel work of art from way up high
You show me

Show me a rainbow
Show me a rainbow ohh
Show me a rainbow yea
Show me a rainbow
