I know this girl, she??'s a fat vegetarian  
She acts so hip, she??'s a tough talking lesbian  
She don??'t eat meat, but she??'ll suck all the  
tacos in town  
She??'s at the border and her tongue is going round  
and round

Oh yeah UR everything  
And what U want it??'s everywhere  
Everyone is watching U  
U know there??'s nothing to do  
Let??'s hang out over in taco hell (taco)  
Baby why does UR taco smell so bad?  
Break it!  
U know this girl, she gets drunk almost everyday  
She smokes so much that her house is always  
permanent gray  
She??'ll write a check ??' dumb idea ??' the  
judge says 2 years long  
She??'s in a funk, yeah she funks to a funky song

Everyone (Everyone)  
Everybody knows it  
Everyone (Everyone)  
Everyone (U know U know)  
Everyone  
Everyone, watching U, judging U, telling U what to do  
They??'re so amused, they??'re so confused  
I know, I know they call U a fag ???cause they??'re  
scared and they??'re mad  
And they grew up in a small town with dicks the size of  
peanuts
