All of my life i sit on the toilet  
reading sports illustrated  
sometimes the bills don't work  
I almost break down and cry

I'm just so constipated  
so constipated  
why am i sitting here just wasting my time

but then the bills kick in  
so im don't constipated  
but i'm stuck on the toi el sat

Sometimes it feels like the bills arn't working  
I just can't go to the bathroom  
sometime it feels like it is almost over  
but the bills kick it

man if you know how i feel  
then i like to give you a shoutout  
like to Gina and Sarah sould  
will i got to go  
toilet remember when i married you  
i never forget that! (kiss)
