(Sarah)

I was amazed as I looked in your eyes
They spoke of a world on a natural high
It felt so appealing, the sound of your voice
I knew that I had no choice

(Koen)

I heard it said that life has it's way
It makes you wake up on a beautiful day
You feel that you've only been taking it in
From now on I know where I've been

(Sarah & Koen)

You are the reason
You are the one
It makes me give in to what I've become
Everything ever said about love
You made it come true and all of the above

(Koen)

I was alone, alone for too long
Dreaming of love, never knowing what was wrong

(Sarah)

You came along, you showed me the road

(Sarah & Koen)

And I never wanna let go

(Sarah & Koen)

You are the reason
You are the one
It makes me give in to what I've become
Everything ever said about love
You made it come true and all of the above

(Sarah)

I wanna dream my life away
Wondering wild
Come what may

(Sarah & Koen)

See you for who you are
Baby let's wish on a star

(Sarah & Koen)
You are the reason
You are the one
It makes me give in to what Iâ€™ve become
Everything ever said about love
You made it come true and all of the above
You are the reason
You are the one
It makes me give in to what Iâ€™ve become
Everything ever said about love
You made it come true and all of the above
All of the above
