You're cryin' yourself to sleep.  
All these feelings you hide and keep.  
In this huge world we're all alone.  
You've gotta live by the words: sticks and stones won't  
break my bones.  
You will always make it through the day.  
You will always find a way to say...

Look at me, I'm broken!  
Because of you, I go unspoken.  
I don't understand, they don't get me.  
How can that be?

You try to fit in,  
But you're like the black sheep.  
You're misunderstood, no one cares.  
Then one day you find the perfect guy.  
He's the only one who can open you up and make you  
cry.  
Day after day you say to yourself:  
I never felt this way before.

Look at me, I'm healed.  
Because of you, I feel real.  
I don't understand, they all get me.  
How can that be?

You've never felt this way before.  
How come you feel it now?  
Is it you, is it me?  
Or is it that you finally opened your eyes to see what  
was in front of you?  
All you know is that you're happy and never could be  
better.  
You thought you'd never feel this way.  
But now that it happened, nothing can ruin your day!

Look at me, I'm healed.  
Because of you, I feel real.  
I understand, they all get me.  
Because of you, I finally opened my eyes to see,  
What was in front of me.
