I'm so confused  
Even while I know truth  
Frozen pictures come alive  
The comeback kids who let me die  
When I didn't know the answers  
And the reason why the winter is begging for a fairytale  
Tomorrow never sleeps  
Behind the strangers  
Where the children weep  
A feather is drifting through my view  
And all we have to do  
Is to keep these broken wings  
So they might fly  
I'm so confused  
Even while I know the truth  
Thunderstorms and lightning  
Not the bitter eye and the burning tongue  
Nothing is stronger than my love  
A whisper of dark cold air could cover up the little stare  
You must search for the truth  
You will find it  
But I'm so confused  
Even while I know the truth  
Everyone needs someone  
To feel the night has not yet died  
I'm so confused  
Even while I know what's true  
I'm so confused
