Near to you is where I'm found
In the beauty of your sound
Oh come closer my friend
More of you and less of me
The words of your heart I must know
May my lips overflow
May my tongue sing always
More of you and less of me
Consume me, consume me
Fire, fire, fire, fire falling down on me
Rain sweet music down on me
Won't you paint my melody
'Cause I can't compose myself
So I try to write this verse of longing
More of you and less of me
Real Jesus, come to me
Real Jesus, come to me
More of you and less of me
Near to you is where I'm found
