# "BEST DAY'S WORK"

I'm content like this  
Definitely don't miss  
You now that you've gone  
You did me wrong, well so long

It was the best day's work that you ever did  
When you left me, whoa-oh!

You led me on like a dog  
It's true, is it not?  
But now I'm wise to you  
And I can see through you

It was the best day's work that you ever did  
When you left me, whoa-oh!

----- instrumental break -----

Now I can laugh and say  
Girl, it's you that pays  
For being so bad  
Tryin' to make me sad

It was the best day's work that you ever did  
When you left me, whoa-oh
