Do you still love me
It's been such a long time
Since I held you in my arms
Do you still miss me
It's been such a long time
I still need your lovin' charms

I still remember
The times when we were just dreaming
Our love can be strong again
Now that I know the meaning

Do you still love me
It's been such a long time
Since I held you in my arms

----- instrumental break -----

I still remember
The times when we were just dreaming
Our love can be strong again
Now that I know the meaning

Do you still love me
It's been such a long time
Since I held you in my arms
Do you still love me, oh
Do you still love me, oh-whoa
Do you still love me, love me
