Everybody Get Together.  
(Chet Powers)

Love is but a song to sing  
And fear's the way we die.  
You can make the mountains ring  
Or make the angels cry.  
Though the bird is on the wing  
You may not know why.

C'mon, people now  
Smile on your brother  
Everybody get together  
Try to love one another right now.

C'mon, people now  
Smile on your brother  
Everybody get together  
Try to love one another right now.

Some may come and some may go  
He will surely pass.  
When the one that left us here  
Returns for us at last.  
We are but in the morning's sunlight  
Fading in the grass.

C'mon, people now  
Smile on your brother  
Everybody get together  
Try to love one another right now

C'mon, people now  
Smile on your brother  
Everybody get together  
Try to love one another right now

C'mon you people now  
Smile on your brother  
Everybody get together  
Try to love one another right now

C'mon, people now  
Smile on your brother  
Everybody get together  
Try to love one another right now.

C'mon you people now  
Smile on your brother  
Everybody get together  
Try to love one another right now.

C'mon you people now  
Smile on your brother  
Everybody get together  
Try to love one another right now.

C'mon you people now  
Smile on your brother  
Everybody get together  
Try to love one another right now.

C'mon you people now  
Smile on your brother  
Everybody get together  
Try to love one another right now.
