Take a look around, just look at your friends
And the people you think you know
If you wanna be honest and face the truth
Then there's not really much that you know

You've known 'em for years just by their face
And you'll never ever call me on
You're stretchin' yourself but there's more to know
If you really want to go on

It's the maze, the maze of love
Maze, the maze of love

Maze of love!

Before you run you gotta learn to walk
It's the way, it's the way of your life
Take a look at your friends, take a look at yourself
And find out what goes on inside

It's really easy, you trust your luck
And you face the truth as it comes
You can take the good with the bad
Then you're startin' to run

It's the maze, the maze of love

Maze, the maze of love

Too many people are running around
Still trying to find themselves
If they could only understand
It's the egg and not the shell
Stand too close to the mirror
And you won't even see yourself
It's the maze of love, maze of love, love, love, love

Maze of love!

Take a look around, just look at your friends
And the people you think you know
If you wanna be honest and face the truth

Then there's not really much that you know

You've known 'em for years just by their face
And you'll never ever call me on
You're stretchin' yourself 'cause there's more to know
If you really want to go on

It's the maze, the maze of love
Maze, the maze of love
Maze, the maze of love
Maze, the maze of love
