I look in your eyes and
I see a little bit of heaven in view
I face your disguise and
I see you running too

A teardrop of silence
That's dissipating in an ocean of blue
So let me dive under in memory of you

By now, it's loving and affection
By now, it's love
By now, it's loving and affection, baby
By now, it's love

And will you still see me?
When I am lying under heavenly skies
And will you still feel me?
When I reach out to you?

And when it's all over
Just let me dive into the pools of your eyes
And then I'll float timeless and be a part of you

By now, it's loving and affection
By now, it's love
By now, it's loving and affection, baby
By now, it's love

By now, it's loving and affection
By now, it's love
By now, it's loving and affection, baby
By now, it's love

By now, it's loving and affection
By now, it's love
By now, it's loving and affection, baby
