Sarah Brightman:
Shilo? Is your name Shilo?
Can I talk to you?
Can you come down please...
So we can speak?
I saw you at the show.
I thought I'd seen a ghost.
Your resemblance is striking.
You have your mother's eyes,
Her hair.
I was told you died with her.
All these years have come and gone.
How do I put this...?
I'm your godmom.

Alexa Vega:
State your business.

Sarah Brightman:
Business?

Alexa Vega:
What do you want?

Sarah Brightman:
I want, I want to finally meet you -
Something real to cling to.
Leave you with the hope that
You will go do all you're meant to,
All I've failed to.
In you, is a world of promise.
We have both been kept in bondage,
But you can learn from all my failures.

Alexa Vega:
I'm not supposed to talk to strangers.

Sarah Brightman:
Or let the through the gate?

Alexa Vega:

That either, a big risk.

Sarah Brightman:
A big fence.

Alexa Vega:
A mistake.

Sarah Brightman:
A new friend.

Chase the morning.
Yield for nothing.
Chase the morning.
Yield for nothing.

Alexa Vega:
How'd you do that?

Sarah Brightman:
Do what?

Alexa Vega:
Do that. That, that eye thing.

Sarah Brightman:
These eyes can do more than see.

Alexa Vega:
I know-I mean, I've seen you sing.

Sarah Brightman:
Where?

Alexa Vega:
From my window.
I can see the world from there.
Name the stars and constellations.
Count the cars and watch the seasons.

Sarah Brightman:
I wish we could have watched together.

Alexa Vega:
I can't have guests.

Sarah Brightman:
Never?

Alexa Vega:
Ever. If dad found out

That I'd been let out,
Or you'd been let in...

Sarah Brightman:
I should go then.
Before I do, promise me you won't--

Alexa Vega:
It's better that you-

Sarah Brightman:
Don't forget that
A sheltered rose needs a little
Room to bloom outside her bedroom.

Alexa Vega:
Don't. Forget me. 'Best
If I resume my life inside
My bedroom.

Chase the morning.
Yield for nothing.
Chase the morning.
Yield for nothing.

Sarah Brightman:
Let your life be your dream.
Integrity. Honesty.
It's too late for me.
Don't look back 'till you're free to
Chase the morningâ€¦

Chase the morning.
Yield for nothing.
Chase the morning.
Yield for nothing.
