"Desert Rose"

Visit "[Desert Rose](#)" on MotoLyrics.com

Somewhere, she knows that he will find her
'Til every single teardrop became a desert rose
Love her, and hold your hand above hers,
Until the crossroads meet you - a legend that will come
true -
No longer will you call her a desert rose

Somewhere, she knows that he will find her
'Til every single teardrop became a desert rose

Love her, and hold your hand above hers
Until the crossroads meet you - a legend that will come
true -
No longer must you follow a desert rose
