Sarah singing:

I lost my heart to a starship trooper

I lost my heart to a starship trooper

Oh...

Hey, Captain Strange, won't you be my lover

You're the best thing that I've ever discovered

Flash Gordon's left me, he's gone to the stars

An evil Darth Vader has me banished to Mars

Tell me, Captain Strange, do you feel my devotion

Or are you like a droid, devoid of emotion

Encounters one and two are not enough for me

What my body needs is close encounter three

I lost my heart to a starship trooper

Flashing lights in hyper space

Fighting for the Federation

Hand in hand we'll conquer space

Listen, Captain Strange, what's our destination

The scanners seem to indicate a small deviation

Static on the comm - it's Starfleet Command

Requesting your position, it's their final demand

You're intentions are known, they've found out at last

So if you're gonna take me, please make it fast

Touch me, feel me, do what you will
I want to feel that galactic thrill

I lost my heart to a starship trooper
Flashing lights in hyper space
Fighting for the Federation
Hand in hand we'll conquer space

Pulse rate increasing as the heat factor soars
