(feat. Paul Stanley)

Leave and let me go
You're not meant for me, I know
Carry on, carry on
And I'll stay strong

Leave and let me go
I will think of you, I know
But carry on, carry on
And I'll stay strong

Someone else will keep you warm from now on
Someone else will keep you safe from the storm
But I'll be with you wherever you go
So you will never be alone
I'm going where the wind blows
Going where the lost ones go?

[Chorus:]

I will be with you
I'm losing the love I found
Crying without a sound
Where have you gone?
I will be with you
You were my fool for love

Sent me from high above
You were the one
I will be with you
I'm going where the wind blows
Going where the lost ones go

Leave and let me go
Don't look back, just let me know
Carry on, carry on
You must stay strong

Nothing ever looks the same in the light
Nothing ever seems to quite turn out right
When you realize that you have been loved
Than you will never be alone

I'm going where the wind blows
Going where the lost ones go

[Repeat chorus]

Leave and let me go
Baby I can't come along
Carry on, carry on
You must stay strong
