Scende la notte, tranquillitÃ  
Piano il buio respira  
Solo la luna veglierÃ  
Con argento ci coprirÃ  
Dal grande cielo splendorÃ  
Solo la luna veglierÃ

La luna della notte  
Dolcemente ci proteggerÃ  
La luna della notte  
Dolcemente ci proteggerÃ

Scende la notte, e lei Ã" la  
Su tutto'l cielo lei regna  
Con gentilezza lei guarderÃ  
Illuminando la sera  
Con gentilezza lei guarderÃ  
Illuminando la sera

La luna della notte  
Dolcemente ci proteggerÃ  
La luna della notte  
Dolcemente ci proteggerÃ

Luna non veglierÃ  
FuggirÃ  
Luna scomparirÃ

*[English translation:]*

The night falls, silence

The darkness breathes quietly  
Just the moon will be awake  
It will cover us with silver  
It will shine from the great sky  
Just the moon will be awake

The moon of the night  
Will sweetly protect us  
The moon of the night  
Will sweetly protect us

The night falls, and it is there  
It reigns over the whole sky  
It will watch us with kindness  
Illuminating the evening  
It will watch us with kindness  
Illuminating the evening

The moon of the night  
Will sweetly protect us  
The moon of the night  
Will sweetly protect us

The moon will not be awake  
It will flee  
The moon will vanish
