I have seen  
New times have come, to feel in touch  
With what is real  
The mission's calling each one of us  
One blue sky  
For us to share  
For us to fly

Ideas for a world to come  
Shall be done, done, done, done  
Ideas for a world to come  
Shall be done, done, done, done  
Done, done, done

You're a Star  
You are the future that travels far  
Touch and Bring  
Millions of hearts to share and sing

Hopes are high  
A new Beginning  
For you and I

Ideas for a world to come  
Shall be done, done, done, done  
ideas for a world to come  
Shall be done, done, done, done  
Done, done, done

And on and on we will go on  
Until we master our desire  
To make this world  
A better place

Ideas for a world to come  
Will be done, done, done, done

Ideas for a world to come  
Will be done, done, done, done  
Ideas for a better world  
Will be done, done, done, done  
Ideas for a better world  
Will be done, done, done, done  
Done, done, done
