Arcaida x-ray x-ray delta niner niner zero
This is starfleet control
You are clear to go hyper space
Acknowledge

Affirmative, star com
We have situation gold

Niner niner zero, roger
You're looking good for trans-light

I lost my heart to a starship trooper
I lost my heart to a starship trooper
Oh...

Hey, captain strange
Won't you be my lover
You're the best thing
That I've ever discovered
Flash gordon's left me
He's gone to the stars
An evil darth vader
Has me banished to mars

Tell me, captain strange
Do you feel my devoition
Or are you like a droid
Devoid of emotion
Encounters one and two
Are not enough for me
What my body needs
Is close encounter three

I lost my heart to a starship trooper
Flashing light in hyper space
Fighting for the federation
Hand in hand we'll conquer space

Listen, captain strange
What's our destination
The scanners seem to
Indicate a small deviation

Static on the comm
It's starfleet command
Requesting your position
It's their final demand

You're intentions are known
They've found out at least
So if you're gonna take me
Please make it fast
Touch me
Feel me
Do what you will
I want to feel
That galactic thrill

I lost my heart to a starship trooper
Flashing light in hyper space
Fighting for the federation
Hand in hand we'll conquer space

Niner niner zero
This is star comm
We got a problem

On your vector
Request status check
Over

Oh, baby...

Arcadia
This is strategy control
You have course deviation
At five mark six
Acknowledge

I love you...

Arcaida
We show condition red
Confirm

Love me...

What's going on out there

Oh...
I lost my heart to a starship trooper
Flashing light in hyper space
Fighting for the federation
Hand in hand we'll conquer space

I lost my heart to a starship trooper
Oh...

Space suit is lying
On control room
Pulse rate increasing
As the heat factor soars
Take me
Make me
Feel the force
Ignore the computers
We're locked on course

I lost my heart to a starship trooper
Flashing light in hyper space
Fighting for the federation
Hand in hand we'll conquer space

I lost my heart to a starship trooper
Flashing light in hyper space
Fighting for the federation
Hand in hand we'll conquer space
Repeat and fade the above with
Niner niner zero
This is star comm
Be advised you
Have serious
? ? ?
I repeat,
Serious ? ? ? ?

Arcadia
Niner niner zero do you copy
This is starfleet control
