Ring out the old, bring in the new  
A midnight wish to share with you  
Your lips are warm, my head is light  
Were we in love before tonight?

Oh, I don't need a crowded ballroom  
Everything I need is here  
If you're with me next year will be  
The perfect year

No need to hear the music play  
You eyes say all there is to say  
The stars can fade and they can shine  
Long as your face is next to mine

I don't need a crowded ball room  
Everything I need is here  
If you're with me next year will be  
The perfect year

We don't need a crowded ballroom  
Everything we need is here  
If you're with me next year will be  
The perfect year

It's new year's eve and hopes are high  
Dance one year in, kiss one goodbye  
Another chance, another start  
So many dreams to tease the heart

We don't need a crowded ballroom  
Everything we need is here  
And face to face we will embrace  
The perfect year

Oh, we don't need a crowded ballroom  
Everything we need is here  
So face to face we shall embrace  
The perfect year  
Ooho, aha, the perfect year
