It has a tender sound  
This little tune I found  
I don't know why  
It's following me around

It has a tender sound  
This little tune I found  
I don't know why  
It's following me around

I heard it all begin  
Above a Broadway din  
And it was so appealing  
I joined right in

I heard it all begin  
Above a Broadway din  
And it was so appealing  
I joined right in

And now I walk along  
Among the Broadway throng  
Inviting everybody  
To sing my song

And now I walk along  
Among the Broadway throng  
Inviting everybody  
To sing my song
