Time the song begins and time
the dance begins to stir.
Once more the world is turning.

So, the music plays again,
and we're back on the floor.
Once more the spark is burning.

Hands and faces weren't around.
A half remembered sound.
The sleeping heart is waking.
When you want to fall in love,
you may find less than love,
but that's the chance worth taking.

Light, we're dazzled by the light.
We wallow in the light.
The dreamers start believing.

Words are whispered in the night,
and for a while we're safe.
A kiss can be deceiving.

Hands and faces weren't around.

A half remembered sound.
The sleeping heart is waking.
When you want to fall in love,
you may find less than love,
but that's the chance worth taking.

Time the song begins and time
the dance begins to stir.
Once more the world is turning.

So, the music plays again,
and we're back on the floor.
Once more the spark is burning.

Hands and faces weren't around.
A half remembered sound.
The sleeping heart is waking.

When you want to fall in love,
you may find less than love,
but that's the chance worth taking.
