Verse 1

There's a big bad wolf behind that smile
It's getting harder and harder to hide it
And this stained glass box that you're keeping me in is
Getting smaller and smaller you guard it
Like your secret treasure
I fell so fast I didn't see the clouds
Getting darker and darker above me
These alarms going off in my head
Are getting louder and louder I'm finding
Your no good for me, this ain't how it's suppose to be

Chorus

If this is the way it feels
I don't want to feel it anymore
I'm out the door baby
If this is the way it goes down
Don't wanna be around to see
How low it takes me cause
If this is love baby don't love me

Verse 2

You see me talking to another guy
Any guy and you get
Greener and greener with jealousy
And these little mind games that you love to play
Are getting meaner and meaner controlling me
I think I'll pass on you and all of that

Chorus

If this is the way it feels
I don't want to feel it anymore
I'm out the door baby
If this is the way it goes down
Don't wanna be around to see
How low this takes me cause
If this is love baby don't love me

Bridge:
I don't need your brand of love
