Keep it from coming out your mouth
Don't say it
I'll slave it
Til my last breath

All the kids smoking in the back
I hide back there
I stay back there
Velvet room

Watch myself floating from the air
She looks for me
Keep her company
While I make my move

Don't believe in luck
This evening sucks
It's pounding in my chest

Keep to the floorboards til we pass that line
Wait now, darling, don't lag behind
They don't notice who's with me
I leave

I'm too nervous right now
To have fun with this
To get used to it
Is this a town?

I know where to find them upstairs
On the balcony
Don't look at me
I'm going to cry

Don't believe in luck
This evening sucks
It's pounding in my chest

Keep to the floorboards til we pass that line
Wait now, darling, don't lag behind
They don't notice who's with me

I leave
I leave

Keep to the floorboards til we pass that line
Wait now, darling, don't lag behind
They don't notice who's with me
I leave
I leave
I leave
I leave
