[VERSE 1]

I don't know, why I don't trust.  
I go crazy when you hang with her  
I need a straight jacket for my mouth  
So my J-E-A-L-O-U-S feeling keep coming out

I might as well wrap him up in a bow,  
All I'm doing is making him wanna go  
I need you to help me through my doubt

[CHORUS]

So my J-E-A-L-O-U-S feelings don't bring us down  
I don't wanna be nag naggin',  
Don't wanna be drag draggin' you down,  
Don't' wanna be puh pushin',  
Look what I'm doing now  
So I'm the girl I'm that jealous girl  
J-E-A-L-O-U-S  
Boy I don't know how you got me acting like this

[VERSE 2]

How do I stop all these thought yeaah  
That maybe our love ain't strong enough yeah  
I need to get a grip on myself  
Before I push you right into the arms of someone,  
someone else  
It's like I'm wrapping him up in a bow  
Ooh oohh

[CHORUS]

I need you to help me through my doubt  
So my J-E-A-L-O-U-S feelings don't bring us down
