In the dark, I am half the man I am under the sun.
What happened to loyalty? What fools are we?
Signs at eye height,
But we're watching our feet.
Wouldn't you think that I could save my self?
Since I take the good, and leave the rest for you.
You see through sheets of rain,
You forget, forget me not.
Now my mask is gone, I can't hide anymore.
I will be swallowed alive, by the salt water messenger.
Is this, really, really the way you want to leave me
stranded?
I just, really really want to know, what is going on here
I thought I could, but I can't control this,
My plan was flawless, but now it's falling apart.
Bring the rain, let it fall down on my face,
Sometimes I wish it was, but it's not over yet,
Bring the rain, and maybe when all I have is gone
I can finally see where my hopes hide when you are
gone.
I thought I could but I can't control this,
My plan was flawless, but now it's falling apart.
When I can't see, I find it hard to believe.
Maybe if I were blind than I could see this clearer.
(Take my hand, your path has been laid out so follow it,
And know I am with you.
On your own you're blind, but I can help you see this
clearer.)
